IV Join the dots and colour the picture:

V. Application Based Question

1. Have you been to a zoo? Write one point on how you should behave with the animals and two point on how you should not behave with the animals.

Ans Yes, I have been to a zoo.

- We should be friendly with the animals.
- We should not give them junk food.
- We should not throw plastic wrappers or bottles at the animals.

VI. Value based question:

1. Many people find it a status symbol of wearing and keeping leather clothes and leather articles with them. E.g. Shahtoosh shawls are made of an endangered animal called antelope. They are in great demand and are highly priced.
 - a. Do you think we must use leather items just to show off? What can you do to protect such animals?

Ans No, we should not use leather items just to show off. (Any related personal response)

- b. Can you name an endangered animal?

Ans Bengal Tiger, Asiatic Lion, Greater one – horned Rhinoceros etc.
